# Terms and Conditions of Sale

1. This is a public auction and mail-bid sale held by Heritage Numismatic Auctions, Inc., a licensed and bonded auctioneer (the "Auctioneer"). **Although the Auctioneer may not withdraw any lot after a call for bids has been made with respect to that lot, the consignor of the property included in the lot may bid on and purchase the lot at the auction sale for his own account.** If he does so, he must pay both the seller's commission and buyer's premium. In addition, each consignor of property was permitted, at the time of consignment, to submit to the Auctioneer a reserve bid on such property. Such reserve bid shall be the opening bid on the property, unless a higher mail bid has been submitted. The purchase of a lot by a consignor's reserve bid shall obligate such consignor to pay a special reserve fee, instead of a buyer's premium, to the Auctioneer.
2. The highest bidder acknowledged by the Auctioneer shall be the buyer. In the event of any dispute between bidders, the Auctioneer may at his sole discretion immediately put the lot up for sale again. The Auctioneer's decision shall be final and binding upon all bidders.
3. A buyer's premium equal to 10% of the successful bid price will be added to each invoice unless the purchase is made by a consignor's reserve bid and is payable by the buyer as part of the total purchase price.
4. All bids are to be per lot as numbered in this catalog, and no lots will be broken. The Auctioneer reserves the right to group two or more lots together and to withdraw, prior to a call for bids, any lot or lots from the sale. Bids will be accepted in whole dollar amounts only.
5. All sales are strictly for cash in United States dollars (no credit cards accepted) and are due and payable immediately upon receipt of the auction invoice or, if payment is to be made at the auction site, simultaneously with receipt of the coins. **The Auctioneer reserves the right to void a sale if payment in full of the invoice is not received by the Auctioneer within 15 days after the date of the invoice.** Lots delivered in the States of Texas and North Carolina are subject to all applicable state and local taxes, unless appropriate permits are on file with us. Shipping, handling and insurance charges will be added to invoices for lots delivered by mail. Overseas buyers must furnish their own insurance during shipment.
6. If the auction invoice(s) submitted by the Auctioneer is not paid in full when due, the unpaid balance will bear interest at the highest rate permitted by law until paid, and if the Auctioneer refers the invoice(s) to an attorney for collection, the buyer agrees to pay attorneys' fees, court costs, and other collection costs incurred by the Auctioneer. The courts of Dallas County, Texas, shall have exclusive jurisdiction and venue over any suit initiated by the Auctioneer to collect delinquent invoice(s), and all bidders consent to in personam jurisdiction of the courts of the State of Texas.
7. Mail bidders who have not previously established credit must furnish satisfactory references well in advance of the sale date, or send a deposit of 25% of their bids which is applicable to purchases. Any portion of such deposit not used will be promptly refunded after the sale.
8. All bidders who have mailing addresses outside the United States of America, the Territories of the USA, Canada or Mexico, or have addresses through the U.S. Military, must deposit with the Auctioneer 25% of the total amount bid in United States dollars. Any portion of such deposit not used will be promptly refunded after the sale. Also, persons who have APO or FPO box numbers must deposit 25%.
9. The Auctioneer reserves the right to require payment in full before delivery of the merchandise to the buyer. **Bidder personally guarantees payment of all successful bids, and if a corporation, an officer or principal in the corporation agrees to personally guarantee such payment.** Title shall not pass to the successful bidder until all invoices are paid in full. It is the responsibility of the buyer to provide adequate insurance coverage for the coins once they are in his possession. Risk of loss shall be borne by the buyer following shipment of the coins.
10. The Auctioneer reserves the right to refuse to honor any bid or to limit the amount of any bid which, in his opinion, is not submitted in good faith, or, as the case dictates, is not supported by satisfactory references, as the Auctioneer in its sole discretion shall determine. In the event a successful bidder fails to pay all amounts due, the Auctioneer reserves the right to resell the merchandise and the buyer agrees to pay for the reasonable cost of such a sale, including a 10% seller's commission, and also to pay any difference between the resale price and the price of his previously successful bid.
11. **The Auctioneer shall have a lien against the merchandise purchased by the buyer, and any other property of the buyer then held by the Auctioneer, to secure payment of the auction invoice(s) and any other amounts due the Auctioneer from the buyer, with respect to which the Auctioneer shall have all the rights of a secured creditor under Article 9 of the Texas Uniform Commercial Code.** In addition, with respect to payment of the auction invoice(s), the buyer waives any and all rights of offset he might otherwise have against the Auctioneer and the consignor of the merchandise included in the invoice.
12. **The Auctioneer shall have the right to offset the unpaid amount of any auction invoice(s) against any amount then due to the buyer by the Auctioneer or affiliates of the Auctioneer.**
13. No buy or unlimited bids will be accepted. Mail bidders will be awarded lots at a 5-10% advance over the second highest bid. No additional commission (except for the buyer's premium) is charged for executing mail bids.
14. The Auctioneer cannot be responsible for your errors in bidding, so check your bid sheet carefully. When identical mail bids are submitted, preference is given to the first received. If a mail bidder and a floor bidder have called identical bids, the decision of the Auctioneer and declaration of the winning bidder is final. The Auctioneer is not responsible for executing mail bids received on or after the day the first lot is sold, **nor is the Auctioneer responsible for proper execution of bids submitted by telephone**, nor mail bids submitted in person once the auction begins. To insure the greatest accuracy, your bids should be entered on the standard bid sheet form and be received at the Auctioneer's place of business at least two business days in advance of the sale date.
15. Estimates will be given upon written request. It is recommended that bidders approach or exceed the estimates in determining successful bids.
16. Bids received from persons under 18 years of age will not be accepted.
17. All coins are guaranteed genuine, but are not guaranteed as to grade, since grading is a matter of opinion. No lots may be returned without a written request by the successful bidder and the written approval of the Auctioneer. In the unlikely event of returning a lot, the mail bidder must notify the Auction Director in writing of the bidder's intent, and such notice must be mailed within three (3) days of the mail bidder's receipt of the lot. Any lot that is to be returned (for any reason other than authenticity) must be received in our offices within 30 days from the date of sale. **AFTER THAT 30 DAY PERIOD, NO LOTS MAY BE RETURNED FOR REASONS OTHER THAN LACK OF AUTHENTICITY.** No lots may be returned because of possible differences of opinion with respect to the grade offered by any third party organization, dealer or service. There are absolutely no exceptions to this policy. Lots returned must be housed intact in the original holder. No lots purchased by floor bidders may be returned (including those bidders acting as agents for others). Late remittance for purchases may be considered just cause to revoke all return privileges. Grading is an art, not a science, and therefore the opinion rendered by the Auctioneer may not agree with the opinion of others (including trained experts), and the same expert may not grade the same coin with the same grade at two different times. **The grade assigned at this time and in this catalog represents the Auctioneer's opinion which is based on experience and prevailing market standards, and the current edition of the "Official A.N.A. Grading Standards for the United States Coins," as interpreted by ANACS, as of the date the catalog was prepared.** Also due to various contractual obligations, some of the coins in this sale may be graded by the prevailing standards of past years, which are not today's standards. Except with respect to the preceding sentence that limits both the time and scope of the grading standards, there is no guarantee or warranty implied or expressed that the grading standards utilized by the Auctioneer will meet the standards of ANACS, NCI, INS, or any other grading service at any time in the future. **THEREFORE, NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY ADJECTIVAL OR NUMERICAL DESCRIPTION CONTAINED IN THIS CATALOG.** Due to changing grading standards over time and to possible mishandling of coins by subsequent owners, the Auctioneer reserves the right to grade coins differently than shown on certificates from any grading service that accompany the coins. For the same reason as stated above, the Auctioneer reserves the right to grade coins differently than the grades shown in the catalog should such coins be reconsigned to any future auction.

18. By special arrangement with some consignors, many of the coins in this sale have been graded by the Numismatic Certification Institute (NCI – an affiliate of Heritage). Such coins will be identified with a star (\*), which will appear after the numerical grade and any adjectival modifiers. For example:

1883 No Cents, MS (65/65). Prooflike\*. Attractive russet and magenta toning. Well struck.

The example above, therefore, has been graded MS 65/65 prooflike, by NCI's prevailing standards. The successful bidder may submit that coin to NCI within 30 days of the date of the auction sale, and purchase a certificate of grading and authenticity for that coin at that grade, including any adjectival modifiers. The cost of the certificate is \$10.00 plus 1½% of the owner's stated value of the coin, with a minimum charge of \$25 per certificate. Dealers who submit 20 coins or more will be charged \$10.00 per certificate plus 1% of the owner's stated value with a minimum charge of \$20 per certificate. Please add sufficient return postage. Coins should be sent to the attention of Mike Sherman, N.C.I., 311 Market Street, Dallas, Texas 75202. In rare cases of typographical errors on NCI graded coins, the Auctioneer's total obligation will be limited to refund of the total price of the lot(s) purchased, including the buyer's charge, plus postage. Any coins not received by NCI within 30 days of the auction sale date will be considered sold, even in the case of a typographical error.

19. The descriptions provided in this catalog are intended solely for the use of those bidders who do not have the opportunity to view the lots prior to bidding. All bidders who have inspected the lots prior to the auction will not be granted any return privileges, except for reasons of authenticity. It is presumed that all floor bidders have inspected the lots prior to bidding. **Therefore, lots purchased by floor bidders are sold "as is" and may NOT be returned.** Floor bidders include those bidders acting as agents for others. No claims of any kind (except for reasons of authenticity) can be considered after the settlements have been made with the consignors. Any dispute after the settlement date, April 14, 1987 is strictly between the bidder and consignor without involvement or responsibility of the Auctioneer. **The Auctioneer or affiliates of the Auctioneer, may consign items to be sold in this auction sale, and may bid on those items or any others in the sale.** In the event of a typographical error or attribution error, the Auctioneer may, at the Auctioneer's sole discretion, correct the error orally at the sale, or, if discovered at a later date, to refund the buyer's money without further obligation. Under no circumstances shall the obligation of the Auctioneer to any bidder be in excess of the buyer's premium for any lot in dispute. If any disputes arise regarding payment, authenticity, or grading between the bidder and Auctioneer, the Auctioneer, at its sole discretion, may submit the disputed matter to binding arbitration, to which the bidder, by placing a bid and thereby accepting these Terms and Conditions of Sale, agrees to be bound.

# ***CompuBid<sup>TM</sup> gives you more “on-the-scene” bidding clout than you ever had before.***

---

CompuBid<sup>TM</sup> is a people-to-people innovation that is, by far, the most advanced and helpful method of mail bidding available in the rare coin marketplace. No other auction company has anything that even compares with its simple sophistication and direct benefits to you.

## ***It increases your chances of success.***

CompuBid<sup>TM</sup> increases your chances of success over our standard mail bidding system and other conventional mail bidding systems two ways: it increases your chances of bidding on more coins; it increases your chances of buying more of the coins you want.

## ***It puts you where the action is.***

The action is at the auction. And CompuBid<sup>TM</sup> puts you there. It gives you almost all the advantages of the people attending the auction. In fact, CompuBid<sup>TM</sup> gives you so much flexibility, it's as if you were attending the auction in person.

## ***It maximizes your bidding dollars.***

CompuBid<sup>TM</sup> enables you to bid on as many coins as you like, yet limit your total purchases to a specific amount. For example, you could bid on \$25,000 worth of coins, yet limit your total purchases to \$5,000. In this example, although you get the opportunity to bid on several coins that interest you, it is still possible to stay within your buying limits. This way, knowing that you have limited your bidding dollars to a specific amount, you can bid with more confidence and flexibility than every before.

## ***It evens the odds for you.***

CompuBid<sup>TM</sup> equalizes your chances of bidding successfully against the bidders at the auction on the coins you want to buy. For example, assume you want to buy either a Seated Dime for \$500 or a Seated Quarter for \$950. You would bid on both coins in those amounts and place your bidding limit at \$950. If you bought the Seated Dime for \$500, your bidding limit would be reduced to \$450 ( $\$950 - \$500 = \$450$ ), which would be your new bid on the Seated Quarter. However, if you did not buy the Dime, then your bid of \$950 on the Quarter would be accepted.

In another example, suppose you wanted to buy one Gem BU Morgan for \$500. Assume there are three similar quality Morgan Dollars in the sale, all with the same date and grade. You would bid \$500 on all three and limit your purchase to \$500. You would buy the first one to sell for \$500 (or below) and the other bids would be cancelled.

## ***It's a tested and proven success.***

In more than four years of use, CompuBid<sup>TM</sup> has proven to be the most effective and useful auction mail bidding technique available. No other auction company has the advancements in mail bidding technology and documentation necessary to offer a service as important and historically significant as CompuBid<sup>TM</sup>. In fact, CompuBid<sup>TM</sup> is so precise that Heritage Numismatic Auctions, Inc., unconditionally guarantees that you, the bidder, will not be liable for any purchase over your specified limit.

# Mail Bidding At Auction

Mail bidding at auction is both fun and easy and only requires a few simple steps.

1. Look through the catalog, and determine the lots in which you have an interest.
2. Research the market value of these lots by checking price lists and other price guidelines.
3. Fill out your bid sheet, entering your maximum bid on each lot using your price research and your desire to own the lot (most coins at auction are one-of-a-kind, or are of special quality not normally found).

**When bidding by mail, you frequently purchase coins at less than your maximum bid.** Here is how a mail bid is recorded by our auctioneer:

Bids are recorded as they are received. Preference is given to the first bids received in case of a tie.

On the floor of the auction, bidding is opened at 5 to 10% above the second highest mail bid. This bid is submitted by our company acting on your behalf as the highest mail bidder. If the auctioneer recognizes no other bids from the floor, you are awarded the lot at the opening bid. If bidding proceeds from the floor, the company, acting as your agent, registers bids in 5 to 10% increments over the previous bid. This process is continued until you are awarded the lot, or the next bid is higher or equal to your maximum bid.

An example of this procedure is set forth under these conditions:

On lot 25, you submit a bid of \$100, and the second highest mail bid is at \$50. In this case, bidding on the floor starts at \$55, and is bid by our company on your behalf. If no other bids are submitted by the floor, you purchased the lot for \$55 even though you bid \$100. If other bids come from the floor, we bid for you in 5-10% increments, as set by the auctioneer, until we reach your maximum bid of \$100. If bidding has passed or equaled your maximum, we take no other action, and the bidding continues on the floor until the final purchase has been recognized by the auctioneer.

*The official prices realized list that accompanies our auction catalogs is reserved for bidders and consignors only.  
We are happy to mail others upon receipt of \$1.00. Written requests should be directed to Karen Weber.*

## Quantitative Grading

The coins in the sale are all graded in accordance with the standards established in the American Numismatic Association Grading Guide.

The quantitative grading system is utilized in describing and grading all coins in this catalog. The quantitative grade will be used in conjunction with the traditional letter grade in order to best describe the condition of the coin.

About Good	=	3	Extra Fine	=	40,45
Good	=	4	Almost Uncirculated	=	50,55
Very Good	=	8	Mint State	=	60,63,65,67,70
Fine	=	12	Proof	=	60,63,65,67,70
Very Fine	=	20,30			

Note: Split Grade Coins such as 60 + or 63 + would be the equivalent of, for example, 60/63 and 63/65 respectively.

# HERITAGE NUMISMATIC AUCTIONS INC

Dear Collector and Fellow A.N.A. Member:

Welcome to the American Numismatic Association's annual Mid-Winter Convention and Auction. The catalogue that you are holding is the combined product of countless hours of effort. Over 150 consignors have chosen this auction for the sale of their numismatic properties. As with every auction, there are the glamour coins that attract everyone's attention because of their pedigree, value, or whatever, and this auction is no different. However, our philosophy at Heritage is to always have a wide selection of "meat and potatoes" coins for everyone. With over 3,000 lots included in this sale, there is literally something for everyone.

I urge you to sit down and take the time to browse through this catalogue. Auctions are fun and educational and an A.N.A. Mid-Winter Auction is special enough to warrant your presence. Even if you don't bid, you can learn. And in today's numismatic world, there's no substitute for knowledge. Think about it; we'd love to see you in Charlotte.

Sincerely

Bob Merrill

# Public Auction Sale

## FIRST SESSION

Friday, February 27, 1987, 7:00 P.M. (Lots 1-1089)  
Hall "A" – Charlotte Convention Center – Charlotte, North Carolina

*All photographs are of the actual coins offered for sale. So that you may have the best possible reproductions on which to base your bids, we have provided twenty-six color plates for your inspection and enjoyment. The color plates are located on pages: 1, 2, 4, 14, 17, 21, 30, 33, 34, 37, 41, 42, 45, 46, 49, 50, 53, 54, 57, 61, 70, 73, 77, 86, 89, and 93.*

A 10% BUYER'S PREMIUM WILL BE ADDED TO ALL INVOICES.

Industry-wide grading standards have recently become more conservative. By special arrangement with some consignors, many of the coins in this sale have been graded by the Numismatic Certification Institute (N.C.I. – an affiliate of Heritage). These coins are identified with a star (★) appearing after the grade and any adjectival modifiers. For example:

**1883 No Cents, MS (65/65). Prooflike★. Attractive russet and magenta toning. Well struck.**

In the example above, NCI has determined that the coin would grade "MS 65/65 prooflike" by NCI's current standards. The successful bidder may purchase a certificate for that coin, by submitting it to N.C.I. All such coins must be received in N.C.I.'s hands within 30 days of the date of the auction sale.

For further information, please refer to item #18 in the "Terms and Conditions of Sale."

### COLONIALS

- 1 1755 French Colonies Jeton ALMOST UNCIRCULATED (50/50). Charlton-12, Breton-515. A beautiful original piece with considerable underlying luster. ANACS S-3935-B dated 9/8/84 for authenticity only. (photo)
- 2 1795 Washington Grate Token MINT STATE (63/63). Reeded edge. Glossy chocolate brown surfaces. A popular Colonial Halfpenny. (photo)

### HALF CENTS

- 3 1793 GOOD (4/4) C-2. Well worn into the outer devices. Untampered with greyish brown planchet with slight porosity evident. A modestly priced example of the initial design type Half Cent.
- 4 1800 MINT STATE (62/62)★. Glossy brown surfaces with steel blue overtones. A pleasing specimen struck in bold detail.
- 5 1806 Half Cent AU (58/58)★. With coppery highlights and an 1803 Large 3 Half Dollar VF (30/30) cleaned★ but possessing nice color. (Total: 2 coins)
- 6 1825 and an 1854 both pleasing brown MS (60/60)★ examples. (Total: 2 coins)
- 7 1828 MS (60/63)★. With splendid pastel overtones and an 1834 MS (63/63) with steel blue highlights about the devices. The former was lot 1048 from B & R's Montgomery Sale in February, 1976 and the '34 was lot 141 from Pine Tree's Hirt Sale in November, 1975. (Total: 2 coins)
- 8 1828 13 Stars MINT STATE (63/63). Red and brown★. Exceptionally lustrous with needle sharp detail. An ideal type example. (photo)
- 9 1837 Half Cent Token MINT STATE (60/60)★. A trace of original red. Lot 3 from Pine Tree's Brown Sale in May, 1976.
- 10 1849 PROOF (63/63)★ Small Date. Original. A hint of mint red about the rims. Very scarce. (photo)

- 11 1854 Half Cent MS (63/63). Toning back after an old cleaning and a 1900 Cent PR (65/64)★ with sensational color. (Total: 2 coins)
- 12 1855 MINT STATE (60/60)★.
- 13 1855 MINT STATE (64/64)★. Full original red. An outstanding Braided Hair Half Cent relatively unappreciated in today's market. (photo)

### LARGE CENTS

- 14 1793 Chain GOOD (4/4). Original light brown surfaces with hints of grey in the protected areas. Slightly granular throughout but not adversely so. The obverse displays typical weakness at the date. An ancient V shaped scratch as viewed from 3:00 is the only serious surface flaw.
- 15 1793 Wreath GOOD (6/6). S-8. Deep chocolate brown turning a lighter tan on the high points. Evenly worn and only faintly porous. Tiny obverse rim bruise at 5:00. A highly collectible low grade specimen.
- 16 1793 Wreath VERY FINE (20/20)★. Sheldon-6, R3. Lot 7 from Superior's Robinson S. Brown Jr. Sale in September, 1986 where it was ably described as having the "sharpness of Very Fine 30, dark brown with some lighter tan highlights, the surfaces quite free of signs of handling, though faintly granular; a few tiny abrasions on the rims on either side. Really very pleasing in appearance." (photo)
- 17 1796 Liberty Cap Fine (15/15)★ and the scarce 1799 S-189 Good/AG (4/2)★ with brownish grey, porous surfaces. (Total: 2 coins)
- 18 1820 MINT STATE (65/65). Well struck. Pleasing red and brown surfaces of impeccable quality. (photo)
- 19 1822 MINT STATE (64/64). Red and brown★. Unlike many of the hoard dates, the 1822 is extremely difficult to locate in choice condition. (photo)
- 20 1828 MINT STATE (60/60)★ N-5. Large narrow date.

FLYING EAGLE CENTS

- 27 1858 ALMOST UNCIRCULATED (50/50) Small Letters.
- 28 1858 MINT STATE (65/65)\* Small Letters. An especially bold strike exhibiting highly lustrous pinkish tan surfaces. A few microscopic carbon flecks are noted on the reverse, but overall this is about as nice and original as a Flying Eagle gets. (photo)
- 29 1858 PROOF (63/63)\* Large Letters. Fully reflective with russet and apple green pastel highlights. Very scarce being one of just 80 pieces reportedly struck with large letters. (photo)

INDIAN CENTS

Every Coin Is Different

Like snowflakes, no two coins are absolutely identical. Each one is unique in some way. Coins are a very subjective hobby and every collector has different criteria for judging a coin. If you see any coins listed in this sale, but aren't sure if they're exactly what you are looking for, we can probably help. If there's enough time, and you have established credit with us prior to the sale, we'll be happy to send you the coin(s) for 24 hour inspection prior to the sale. Just call Bob Vitt of our auction department for more details. If 24 hour inspection is impossible, a Heritage numismatist will be happy to describe the coin(s) to you in far more detail than we could possibly print in the catalog. Call your account executive for a "second pair of eyes" on any lot(s) in this sale. If you don't have an account executive, call Heritage, Extension 266, and one will be assigned to you. There is no additional charge for this service.

- 38 1861 Confederate Cent PROOF (63/63). Restrike by Haseltine in copper. Red and brown surfaces that are basically problem free except for a couple of newly formed carbon spots that are perhaps still removable. The Confederate Cents were designed by Robert Lovett, Jr., a Philadelphia jeweler. The central figure of Liberty on the obverse is an exact copy of the central device Lovett used on a token of 1860. These cent sized tokens were "metallic business cards" for Lovett and are so inscribed on the reverse. Although Lovett was commissioned to prepare dies and strike impressions for the C.S.A., he became fearful of delivering the dies and 12 coins already struck. He and his wife were afraid that his actions would be interpreted as aiding the enemy and so he buried the dies and coins in his cellar until long after the War. Captain John Haseltine purchased the dies from Lovett and issued restrikes in copper, silver and gold. Fifty five copper restrikes were struck, then the dies broke on the fifty fifth coin. (photo)
- 39 1862 MINT STATE (60/60).
- 40 1862 PROOF (65/65)\*. A lovely two-toned specimen featuring steel blue highlights in the protected areas. Quite scarce as a top notch Copper-Nickel Proof. (photo)
- 41 1863 MINT STATE (63/63)\*. 100 pct. fully struck, not a characteristic to be taken for granted on a coin of this type.
- 42 1864 Copper-Nickel Cent MS (63/63) ANACS E-7614-V for grade and authenticity dated 8/12/82, 1865 Two Cent Piece MS (63/63) ANACS F-6906-J for grade and authenticity dated 12/13/84 and a 1920 Nickel MS (65/65) ANACS E-2959-K for grade and authenticity dated 9/2/81. All are graded MS (63). (Total: 3 coins)
- 43 1864 Bronze MINT STATE (65/65)\*. A pleasing example of this first year of type, sharply struck with mellowing mint red throughout. While relatively common in lower mint state condition, choice pieces can be surprisingly elusive. (photo)
- 44 1864 Bronze MINT STATE (65/65). ANACS G-8089-A for grade and authenticity dated 2/14/86. (photo)
- 45 1865 MINT STATE (63/63). (photo)
- 46 1865 PROOF (63/63)\*. Rich reddish violet and orange iridescence. A low mintage, undervalued proof issue. (photo)
- 47 1866 MINT STATE (60/60). ANACS F-6357-C for grade and authenticity dated 10/24/83.
- 48 1866 PROOF (64/64). Red and brown\*. A scarce early issue Proof Indian. (photo)
- 49 1867 MINT STATE (63/63)\*. (photo)
- 50 1868 MINT STATE (63/63)\*. A choice red and brown specimen. (photo)
- 51 1869 MINT STATE (65/65)\*. Recut 9. Like most so-called overdates, the present example shows a slight doubling of the 9 in the date. Pleasing color and surfaces. (photo)
- 52 1869 PROOF (64/64)\*. Very pleasing faded red surfaces with exceptional reflective qualities. Early date Proofs represent outstanding value at the present time. (photo)
- 53 1870 MINT STATE (60/60)\*.
- 54 1870 PROOF (64/64). Red and brown\*. The obverse displays a splash of rose iridescence.
- 55 1871 PROOF (63/63). ANACS E-2661-X for grade and authenticity dated 9/2/82. (photo)
- 56 1873 PROOF (63/63)\*. Apple green highlights about the rims.

## Buffalo Nickels (cont'd)

- 378 **1917** This 1917 Five Cent Piece is accompanied by ANACS Certificate E-0416-C dated 3-5-79. The certificate specifies that the coin is Proof. In addition to the findings of ANACS a letter dated 10-25-78, which is signed by Walter Breen, is included with the coin. We have chosen not to call this coin a Proof; we offer the piece as is and recommend close inspection by the Buffalo Nickel or Proof specialist. This does not mean that we disagree with ANACS' findings, nor does it mean that they are incorrect. Instead, this is yet another example of the nature of numismatics. Opinions enter into the determination of the status of coins. ANACS' and Walter Breen's opinion just happen to be different from ours in this instance. Most often, opinions vary on grading, but there are numerous pieces that defy experts. Many of the Half Dollars and One Dollar Gold Pieces of the 1880's are subject to the same varied opinions as this coin. As long as Numismatics remains an art rather than an exact science, there will be controversy over certain pieces. We offer this 1917 Five Cent Piece as is; it is **NOT RETURNABLE**. Therefore, we recommend that prospective floor bidders read the Breen letter and look over the ANACS Certificate. Mail bidders who are interested in these two documents may receive photocopies of the Breen letter and ANACS Certificate by sending a written request. If you are interested in unusual items such as this, you should examine the surfaces and rim of this coin; they are amazing. (photo)

## EARLY QUARTERS

- 523 **1796 VERY GOOD (8/8)\***. Pleasing medium grey surfaces which are considerably lighter on the devices. The reverse displays pastel green overtones in the protected areas. The much sharper obverse is, at first glance, very choice but close examination reveals a small patch of ancient scratches in the right field. The borders on the reverse are weak in two areas and there is a light rim bruise at 8:00. These minor defects are not nearly as bad visually as they sound in print. A great opportunity for the budget minded type collector to finally acquire this elusive one-year-of-type coin. (photo)
- 524 **1804 VERY FINE (30/30)\***. The scarce first year of type displaying sharp, evenly struck surfaces. Perhaps once lightly cleaned but now toning over a pleasing steel grey with golden highlights in the protected areas. A collector oriented piece worthy of a solid four figure bid. (photo)
- 525 **1806/5 EXTREMELY FINE (40/40)**. Sharply detailed steel grey surfaces showing slight corrosion along the left quarter of the obverse and corresponding reverse area. ANACS G-6593-K for grade and authenticity dated 12/3/86.
- 526 **1806 ALMOST UNCIRCULATED (55/55)\* B-9**. A choice, highly original Draped Bust Quarter nicely toned in varying shades of golden grey with forest green highlights. The centers are a trifle weak, but still sharper than most. Considerable underlying luster remains. (photo)
- 527 **1821 ALMOST UNCIRCULATED (50/50)**. Faintly hairlined from an ancient cleaning. A prominent die break extends from Liberty's lower curls through star 12. (photo)

- 528 **1825/3 MINT STATE (63/63) B-2**. What is surely one of the highlights of our ANA Mid-Winter Sale, the incredible 1825/3 Quarter offered herewith was previously Lot 640 from Part 2 of B & R's celebrated Garrett Sale in March, 1980. It was at that time described as "a sharply struck, nearly perfect specimen; the only marks are quite trivial and probably are the result of the minting process. One of the finest known examples of this issue. The obverse is gray toned with ample light green and blue iridescence. The reverse is lilac at the center with blue around the periphery. We have never seen a nicer specimen." We do note, however, a mentionable scratch in the right obverse field to the left of stars 10 and 11. ANACS S-3984-B a conservative MS (63/63) dated 9/12/84. (photo)

- 529 **1834 MINT STATE (63/63)**. Deeply toned in iridescent grey, rich golden russet and steel blue hues. A curved die break crosses the obverse from just below star 1 through star 13 and into the edge.
- 530 **1835 MINT STATE (63/63)\***. Lustrous steel grey surfaces with golden overtones hugging the devices. (photo)
- 531 **1836 MINT STATE (64/64)\***. Beautiful golden, lilac and turquoise toning. Prominent obverse die breaks. (photo)

## LIBERTY SEATED QUARTERS

- 532 **1860 MINT STATE (64/64)\***. Fully struck and quite frosty. Delicate russet toning among the stars and lettering. Scarce as a high quality business strike. (photo)
- 533 **1861 MINT STATE (65/65)\***. Gorgeous golden russet toning gently blanketed over fully struck surfaces. Several tiny die breaks and lint marks are evident and a horizontal hairline scratch is visible above the eagle. (photo)
- 534 **1865 PROOF (50/50)\***. An impaired example of this low mintage issue.

- 535 **1866 PROOF (63/64)**. Moderately hairlined two-toned surfaces. (photo)
- 536 **1873 No Arrows PROOF (62/62)\***. (photo)
- 537 **1876 PROOF (60/60)\***. Brilliant. (photo)
- 538 **1876 PROOF (61/61)\***. (photo)
- 539 **1877 MINT STATE (65/65)**. A deliciously frosty, semi-prooflike and delicately toned in russet hues. ANACS S-3973-B for grade and authenticity dated 9/12/84. (photo)
- 540 **1877-S MINT STATE (64/64)**. Prooflike. Beautiful multicolored toning. (photo)
- 541 **1878-CC MINT STATE (65/65)**. An exceptional quality Carson City product displaying lilac grey and bluish green iridescence over bold, satiny surfaces. A diagonal obverse scratch is well hidden in Liberty's gown. ANACS S-3936-B for grade and authenticity dated 9/8/84. (photo)
- 542 **1879 PROOF (63/64)\***. Dazzling burnt orange and iridescent blue toning. (photo)
- 543 **1880 MINT STATE (63/65)**. Obverse planchet flaw just above star 5 extending into the denticles. An otherwise gorgeous frosty white example of this low mintage date. (photo)
- 544 **1881 MINT STATE (63/64)\***. Gentle golden russet toning over razor sharp semi-prooflike surfaces. Scarce business strike issue. (photo)
- 545 **1881 PROOF (63/63)\***. Deep toning covers what appears to be a planchet flaw in the right obverse field opposite star 13. (photo)
- 546 **1883 PROOF (63/63)\***. (photo)
- 547 **1884 PROOF (63/63)\***. A brilliant specimen with flashy cameo contrast. (photo)
- 548 **1888 PROOF (63/63)\***. Popular low mintage issue.
- 549 **1889 PROOF (65/65)\***. Golden obverse patina. The reverse is gorgeously toned in rose violet shades. Faint obverse hairlines but ever so flashy. (photo)
- 550 **1891 MINT STATE (63/64)\***. Rich turquoise and russet peripheral toning. Very attractive and a few faint hairlines from a higher grade. (photo)
- 551 **1891 MINT STATE (64/63)\***. Satiny untuned surfaces displaying a curved dark area in the planchet on the eagle's shield as struck. (photo)
- 552 **1891 MINT STATE (65/65)\***. Frosty, fully struck and mostly brilliant save for some small patches of toning about the outer devices. A beautiful original specimen. (photo)
- 553 **1891-S MINT STATE (60/60)**. Brilliant and well struck. (photo)

## BARBER QUARTERS

- 554 **1892 MINT STATE (64/64)\***. Light grey toning hugs the outer devices.
- 555 **1892 MINT STATE (65/65)**. Intense creamy luster breathtakingly layered in multicolored iridescence. Barber coinage doesn't get much better than this. ANACS S-3982-B for grade and authenticity dated 9/12/84. (photo)
- 556 **1892 and a 1908-D both brilliant AU (55/55)\* examples**. (Total: 2 coins)
- 557 **1893 PROOF (50/50)\***.
- 558 **1893 PROOF (65/65)\***. A beautiful example, toned a golden russet and violet grey in the centers and framed in fantastic blue iridescence about the stars and lettering. (photo)
- 559 **1893-O MINT STATE (64/65)\***. Scrumptious original color about the peripheries. A few virtually undetectable slide marks prevent a solid "65" rating. (photo)
- 560 **1894 MINT STATE (63/63)\***. Deeply toned. (photo)

## EARLY HALF DOLLARS

- 621 1797 FINE (12/12). Overton-101a, R-6. Evenly worn light grey surfaces exhibiting the die breaks common to the variety. A small dig between star 2 and Liberty's curls is the only mentionable flaw. The reverse lettering from E of AMERICA down to the fraction is rather weak and displays a series of short adjustment marks which stop short of the central devices. A pleasing low grade specimen of this, our country's most treasured type coin. (photo)
- 622 1808 MINT STATE (60/60)\*. Beautiful light golden patina. A pleasing example of this popular early date Bust Half Dollar. (photo)
- 623 1817 MINT STATE (64/64)\*. Violet grey patina with beautiful rose gold highlights in the protected areas. Obverse clash marks should not be confused with scratches in the fields. A gorgeous original specimen. (photo)

- 626 1827 MINT STATE (64/64). Square base 2. Dazzling satiny luster beneath fully struck surfaces which are toned in swirls of violet and gold. Light stacking friction on Liberty's cheek as Halves from this era almost always have. (photo)
- 627 1830 MINT STATE (64/64)\*. Lovely golden iridescence with turquoise overtones along the edges. (photo)
- 628 1831 MINT STATE (63/63)\* O-108, Rarity 1. Attractive light golden color compliments intense luster. An ideal type example which was lot 1629 from Paramount's Sutherland Sale in April, 1981. (photo)
- 629 1834 MINT STATE (63/63)\*. Green and gold pastels atop lustrous surfaces which show weakness on the highest points. (photo)
- 630 1834 MINT STATE (65/65). Medium cherry brown toning which tends to subdue much of the original luster. Minor flatness in the eagle's wing tips. (photo)
- 631 1836 ALMOST UNCIRCULATED (55/55)\*. Lettered Edge. Wholesome original color. Light weakness through the centers.
- 632 1836 MINT STATE (60/60)\*. Lettered Edge. Rich charcoal and olive gold toning about the stars and lettering. Very appealing for a coin of this grade. (photo)

### Don't Procrastinate

Every auction, it seems, somebody tells us, "If only I'd known that such-and-such a lot was going to sell for only \$\_\_\_\_\_, I'd have gladly paid that price or more."

There are always great values in every auction sale. But, you can't buy them unless you bid. If you would buy a particular coin at a price, bid on it. You may even be pleasantly surprised, and buy it for well below your maximum bid.

## EARLY DOLLARS

- 786 1795 Flowing Hair GOOD (4/4)\*. Bolender-1, R3. Light grey surfaces displaying good old-fashioned wear. Lacking the problems which often accompany the grade.
- 787 1795 Flowing Hair VERY GOOD (8/8)\*. Bolender-1, R1. Evenly struck and worn brownish grey surfaces exhibiting a few scattered obverse marks with none too serious considering the grade.
- 788 1795 Flowing Hair VERY GOOD (10/10). Retooled.\* Bolender-5, R1. Medium grey about the edges turning lighter in the centers due to the minor repair. Scattered facial marks.
- 789 1795 Flowing Hair EXTREMELY FINE (40/40). Bolender-5, R1. Medium grey with golden and steel blue highlights. Some surface debris is visible between RI of AMERICA as well as a reverse rim flaw at 11:00. (photo)
- 790 1795 Flowing Hair ALMOST UNCIRCULATED/EXTREMELY FINE (50/45). Prooflike\*. Bolender-1, R3. A picturesque Early Dollar displaying splendid violet grey surfaces highlighted in the protected areas by a steel blue iridescence. Two minute rim bruises at 4:00 and 5:30 on the reverse are noted in addition to several lengthy adjustment marks across the eagle. (photo)
- 791 1798 Heraldic Eagle ALMOST UNCIRCULATED (50/50)\*. Bolender-25b, Rarity 4. A remarkably choice, totally original piece displaying lovely rose gold toning concentrated about the devices. Considerable underlying luster. The strike is full in all but the upper portion of the eagle. Outstanding quality in a Bust Dollar and worthy of consideration by type collector and specialist alike. (photo)
- 792 1798 Heraldic Eagle ALMOST UNCIRCULATED (55/55)\*. Bolender-23, R3. Lustrous silvery grey surfaces with beautiful golden overtones peeking out from the devices. Completely free of mentionable rim problems and adjustment marks. A trifle weak through the centers, but this is negated by the exceptional overall appearance. (photo)
- 793 1799/98 VERY FINE (20/20). Bolender-1, R5. Light grey, dullish surfaces are the result of an old cleaning. Ancient scratches criss-cross Miss Liberty and numerous rim bumps are visible on either side. Scarce variety.

- 794 1799/98 MINT STATE (60/60). Bolender-3, R5. Original satiny luster with faint streaks of steel grey toning on the obverse and splashes of pastel gold predominantly on the reverse. The so-called "15 star reverse" with partial stars visible beneath the outer clouds. ANACS F-1564-D for authenticity only dated 11/22/83. (photo)
- 795 1799 VERY FINE (30/30)\*. Bolender-23, Rarity 5. Five stars facing right. Lightly hairlined with a few minor rim bumps.

- 798 1799 ALMOST UNCIRCULATED (50/50)\*. Bolender-7a, Rarity 5. Sharply detailed with steel violet and burnt orange coloration. Undoubtedly lightly cleaned long ago but free from other surface impairments. (photo)
- 799 1800 EXTREMELY FINE/ALMOST UNCIRCULATED (45/50). Bolender-12, Rarity 2. Light violet grey surfaces with golden overtones. A few field marks are evident but overall this lustrous example displays a most pleasing appearance. (photo)
- 800 1802/1 EXTREMELY FINE (40/40)\*. Bolender-1, R4. Very lustrous for the grade. A horizontal hairline scratch across the center of Liberty's profile detracts very little. (photo)

## LIBERTY SEATED DOLLARS

- 801 1843 EXTREMELY FINE (45/45)\*. Full strike.
- 802 1863 PROOF (63/63). Moderately hairlined golden and violet surfaces. Light field marks to the left of Liberty's shoulder. Scarce, low mintage Civil War issue. (photo)

- 803 1863 PROOF (65/65)\*. Breathtaking multicolored iridescence blankets obverse and reverse. A few microscopic hairlines are noted in the right obverse field but these are soon forgotten as one gets taken in by the exceptional eye appeal of this splendid Proof Seated Dollar. (photo)

Liberty Seated Dollars (cont'd)

- 804 1870 MINT STATE (64/64)\*. Ultra frosty devices splendidly contrast semi-prooflike fields highlighted in russet and green iridescence. Great eye appeal. (photo)
- 805 1870 PROOF (64/64)\*. Beautiful multicolored toning. A light weakness in strike takes nothing away from this especially attractive specimen. (photo)
- 806 1871 MINT STATE (63/63)\*. Sharply struck semi-prooflike surfaces exhibiting a delicate golden tint. Slightly granular to the right of star 13 and dullish areas scattered about the reverse. (photo)
- 807 1871 PROOF (63/65). Deeply reflective, brilliant surfaces which, despite some obvious obverse hairlines, exhibit considerable eye appeal. (photo)
- 808 1872-CC VERY FINE (20/20). Lightly cleaned, but sharp and reasonably choice. An elusive Carson City issue with just 3150 struck. Well worth the majority of Red Book price. (photo)

TRADE DOLLARS

- 809 1875-S MINT STATE (63/63)\*. A boldly struck example with un-toned satiny luster. (photo)
- 810 1876-S MINT STATE (64/64)\*. Rich autumn toning blankets the obverse and covers the upper and lower third of the reverse. (photo)
- 811 1877-CCALMOST UNCIRCULATED (55/55). Razor sharp and mark-free but thoroughly hairlined. Popular "CC" mintmark. (photo)

- 818 1899 PROOF (60/60). Golden violet toning with pleasing iridescent highlights. Light friction is evident beneath the attractive color.
- 819 1900 PROOF (63/63)\*. Deeply reflective fields displaying scattered hairlines with the only serious one extending horizontally to the left of star 8. Quite flashy for the grade. (photo)
- 820 1902 PROOF (64/64)\*. A nicely toned specimen featuring golden and russet centers framed in bluish green. Only 777 Proofs struck. (photo)

850

## One Dollar Gold Pieces(cont'd)

- 839 1857 ALMOST UNCIRCULATED (50/50).
- 840 1857-C EXTREMELY FINE (40/40). A reasonably strong, even strike on a date known for poor quality.
- 841 1859 MINT STATE (60/60)\*. A lustrous, sharply struck example with light field abrasions, but no single significant defect.
- 842 1861 ALMOST UNCIRCULATED (50/50).
- 843 1862 MINT STATE (60/60). Cleaned.
- 844 1862 MINT STATE (60/60)\*. Lustrous surfaces displaying light friction throughout.
- 845 1874 MINT STATE (60/60). The prooflike obverse is lightly cleaned. NCI for grade and authenticity dated 4/8/86. (photo)
- 846 1874 MINT STATE (60/60). Prooflike reverse. Light hairlines in the fields, but no significant detracting marks.
- 847 1874 MINT STATE (63/63)\*. Glowing mint luster on the obverse. The reverse is fully prooflike and extremely attractive. (photo)
- 848 1874 MINT STATE (65/65)\*. A frosty, fully struck example just a tiny hairline or two from superb quality. (photo)
- 849 1879 MINT STATE (64/64). Prooflike. Attractive yellow-orange color and surfaces which are deeply reflective. One of the peculiar 1879 die varieties with the letters in LIBERTY partially missing. One of just 3,000 business strike gold dollars coined in 1879, and more elusive than the popular 1880 gold dollar, despite the lower mintage of the latter. (photo)

- 850 1881 MINT STATE (65/65)\*. Of the 7,620 business strike gold dollars struck in 1881, this is certainly one of the finest survivors, possessed with scintillating unbroken luster and an exceptionally sharp strike. Despite its higher mintage, the 1881 gold dollar is equivalent in rarity to the highly regarded 1880. The technical quality of the specimen offered here is surpassed only by the magnificence of its eye-appeal. (photo)
- 851 1883 MINT STATE (63/63)\*. One of 10,800 business strikes coined in 1883. An attractive specimen with none of the prooflike characteristics which often lead to confusion between Proofs and business strikes of this year. One short, faint hairline in the left obverse field in front of Liberty's eye. (photo)
- 852 1884 MINT STATE (64/64). Prooflike\*. Scarce issue with a mintage of just 5,230 coins. A deeply reflective example which also features a sharp strike. Faint hairlines in the fields are all that separate this specimen from a higher grade. (photo)
- 853 1886 MINT STATE (64/63)\*. A lovely prooflike example of this 5,000-mintage issue. A distinctive variety with reverse clash marks exhibiting LIBERTY (from the obverse die) in an arc beneath the date. Minor agitation in the reverse fields deprives this coin of a higher grade, but the combination of scarcity and eye-appeal more than compensates. (photo)

- 854 1886 MINT STATE (65/65)\*. Deeply prooflike, one of the deceptive early strikes of 1886 which often are confused with Proofs. Undoubtedly this is one of the finest extant specimens from an original business strike mintage of 5,000 coins. Excellent technical quality is enhanced by enormous eye-appeal, attributable in large part to the cameo appearance of this prooflike coin. (photo)
- 855 1889 MINT STATE (63/63)\*. Excellent color and luster for the grade. (photo)
- 856 1889 MINT STATE (64/64). Prooflike\*. Faint coppery patina over reflective surfaces. Minor hairlines in the fields, but none severe. (photo)
- 857 1889 MINT STATE (64/64). Prooflike\*. A scintillating orange-yellow example with a sharp strike and attractive mirrored surfaces. Faint copper spotting (as made) around the lower reverse, but not unattractive. A pair of very faint hairlines in the left obverse field in front of Liberty's headress. (photo)
- 858 1889 MINT STATE (65/65)\*. An impeccable business strike, and unlike the previous specimens cited, not at all prooflike. At first glance the luster appears somewhat subdued, an impression conveyed primarily by a hint of even russet patina which highlights the surfaces. This is your last opportunity to purchase one of these beautiful One Dollar Gold Pieces. (photo)

## QUARTER EAGLE

- 859 1834 VERY FINE (20/20). Once mounted\*.
- 860 1835 MINT STATE (60/60). A lustrous specimen which exhibits typical weakness in strike in the curls over Liberty's ear. (photo)
- 861 1836 EXTREMELY FINE (40/40)\*. Far nicer than the typically seen VF.
- 862 1857-D EXTREMELY FINE (45/45). Low mintage of 2,364. Cleaned, though not as severely as are most examples of this issue. Overall, an eminently collectible specimen.
- 863 1858 EXTREMELY FINE (45/45)\*.
- 864 1868-S EXTREMELY FINE (45/45)\*. Slightly better date with a mintage of 34,000.
- 865 1869 ALMOST UNCIRCULATED (50/50)\*. A mere 4320 business strikes were coined in 1869. The coin offered here is a pleasing specimen with an excellent strike.
- 866 1871 ALMOST UNCIRCULATED (50/50)\*. Abundant mint luster remains in the protected areas. Low mintage of 5,320 coins.
- 867 1873 MINT STATE (60/60)\*. A sharply struck specimen with a blush of coppery toning in the left reverse field.
- 868 1873 Closed 3 MINT STATE (63/63). A fully struck specimen boasting beautiful original color. ANACS S-3920-B for grade and authenticity dated 9/8/84. (photo)
- 869 1876 EXTREMELY FINE (40/40)\*. Mintage of just 4,176 business strikes.
- 870 1876-S ALMOST UNCIRCULATED (50/50)\*. A lustrous specimen with a hint of coppery toning around the devices. Low mintage of just 5,000 coins.
- 871 1878 MINT STATE (60/60)\*.
- 872 An 1878-S EF (40/40) and an 1812 AU (50/50). (Total: 2 coins)

## Quarter Eagles (cont'd)

- 873 **1898 PROOF (64/64)\*.** A glittering cameo Proof with enormous eye-appeal. Minor hairlines in the fields are all that separate this specimen from an even higher grade. Of the 165 Proof Quarter Eagles struck in 1898, few could be more attractive than this particular coin. (photo)
- 874 1901 ALMOST UNCIRCULATED (50/50)\*. Coppery patina.
- 875 1901 MINT STATE (62/62)\*. Attractive yellow-orange color. (photo)

- 877 1902 MINT STATE (63/63)\*. Sharply struck. (photo)
- 878 **1902 MINT STATE (64/64)\*.** A sharply struck specimen with fully defined hair detail. Excellent luster.
- 879 1903 MINT STATE (63/63)\*. Lot 734 from the October, 1986 Long Beach Sale where it was described as a "splendid Quarter Eagle with gorgeous color on semi-prooflike surfaces." (photo)
- 880 1903 MINT STATE (63/63)\*. A boldly struck example with excellent luster.
- 881 1903 MINT STATE (64/65). NCI for grade and authenticity dated 4/8/86. (photo)
- 882 1904 MINT STATE (60/60). Several light copper stains are visible on the reverse.
- 883 1904 MINT STATE (60/60)\*. (photo)
- 884 **1904 MINT STATE (65/65)\*.** A sharply struck, glittering Gem with a trace of cloudy original patina over semi-prooflike fields. (photo)
- 885 **1904 PROOF (64/64)\*.** An exceptional brilliant Proof with a few faint hairlines in the fields separating it from an even higher grade. Many of the 154 Proof Quarter Eagles minted in 1903 have been harshly scrubbed. Happily, such is not the case with this specimen. (photo)
- 886 1905 MINT STATE (62/62)\*. Excellent luster. Minor hairlines in the left obverse field. Planchet defect above the eagle's head on reverse.
- 887 1905 MINT STATE (63/63)\*. Exceptional luster. This piece would merit a higher grade were it not for a small patch of obverse hairlines to the right of Liberty's neck. Attractive coppery toning enhances the appearance of the reverse. (photo)
- 888 1905 MINT STATE (64/64)\*. An exquisitely lustrous specimen with a bold strike and minimum abrasions. (photo)
- 889 1906 MINT STATE (60/60)\*. (photo)
- 890 1906 MINT STATE (60/60)\*. Attractive reddish color.
- 891 1906 MINT STATE (63/60).
- 892 1906 MINT STATE (64/64)\*. Gorgeous satiny luster. A single field mark rests below the second S in STATES. (photo)
- 893 1906 MINT STATE (64/65)\*. Quite close to Gem quality. A faint mark on Liberty's jaw and an even less noticeable abrasion toward the back of the cheek account for the conservative grade. Excellent luster and strike. (photo)
- 894 1907 ALMOST UNCIRCULATED (55/55).
- 895 1907 MINT STATE (63/63)\*. The fields and devices are minimally abraded, the luster somewhat subdued.

- 899 1909 ALMOST UNCIRCULATED (55/55)\*.
- 900 1909 Quarter Eagle EF 40/40, 1910 Half Eagle AU 50/50, and 1910-D Eagle EF 40/40. (Total: 3 coins)
- 901 1911-D ALMOST UNCIRCULATED (55/55). A nice problem free example of this key coin.
- 902 **1911-D MINT STATE (64/64)\*.** An exceptionally attractive example of the key to the Indian Quarter Eagle series. A sharply struck specimen with a more fully defined mintmark than is usually seen on this issue. An excellent acquisition opportunity for the collector trying to assemble a choice set of Indian Quarter Eagles. (photo)
- 903 1912 ALMOST UNCIRCULATED (50/50). NCI for grade and authenticity dated 4/8/86.

- 913 1929 MINT STATE (63/63)\*. A sharply struck specimen with excellent luster.

## THREE DOLLAR GOLD PIECES

- 914 1854 ALMOST UNCIRCULATED (50/50)\*. A satiny, clean example with faint hairlines visible.

- 915 **1867 PROOF (55/55)\*.** An unquestionable proof specimen distinguished by the position of the date as well as the prominence of the 7. Although ever so slightly mishandled with light friction throughout, this two-toned example has incurred no specific problems. One of just 50 pieces originally struck of which only a handful remain today. (photo)
- 916 **1871 PROOF (63/63).** A lovely two-toned example exhibiting a few microscopic field marks although none too serious. A tiny planchet depression is also visible above the R in DOLLARS. Only a handful of the original 30 pieces survive today. ANACS S-3928-B for grade and authenticity dated 9/8/84. (photo)
- 917 1874 EXTREMELY FINE (40/40)\*.
- 918 1874 ALMOST UNCIRCULATED (50/50)\*. Finely hairlined from an old cleaning.
- 919 1874 ALMOST UNCIRCULATED (55/55). NCI for grade and authenticity dated 4/8/86. (photo)
- 920 1878 EXTREMELY FINE (45/45). A few marks\*, the most bothersome one along Liberty's chin. (photo)
- 921 1878 ALMOST UNCIRCULATED (50/50). (photo)

## Three Dollar Gold Pieces (cont'd)

- 922 1878 MINT STATE (60/60). Moderately marked but displaying full luster (photo)
- 923 1878 MINT STATE (62/62)\*. Sharp and lustrous. A few obverse hairlines are visible across the obverse. (photo)
- 924 1878 MINT STATE (62/62)\*. Nice color and luster. Several light surface marks on either side, though individually not disturbing, prevent a higher grade. (photo)
- 925 1888 MINT STATE (60/60)\*. A lustrous example of this scarce issue, which boasts a business strike mintage of 5,000 coins. The last two numerals in the date appear irregular, a result of flattening by the die. Surprisingly, this irregularity is less distracting under magnification than it is to the naked eye. Overall, a very pleasing specimen and an excellent example of the elusive Three Dollar gold type. (photo)

## HALF EAGLES

- 926 1807 Capped Bust MINT STATE (60/60). A razor sharp strike with lovely yellow gold surfaces. Scattered hairline scratches detract very little from the overall eye-appeal of this popular type coin. (photo)

- 927 1820 Square base 2 ALMOST UNCIRCULATED (55/55). Splendid prooflike surfaces struck with exceptional detail. The color and overall eye appeal of this original specimen are remarkable. ANACS S-3925-B for grade and authenticity dated 9/8/84. Formerly Lot 463 from B & R's Garrett Sale in November, 1979 (although incorrectly catalogued as small letters reverse.) (photo)
- 928 1840-D EXTREMELY FINE (40/40). Cleaned\*. Moderately abraded with the most significant being a group of milling marks above the eagle. Tiny repair on the reverse rim at 2:00.
- 929 1845 ALMOST UNCIRCULATED (55/55). Prooflike\*, with razor sharp detail. A scarce No Motto Half Eagle in grades above EF.
- 930 1850-C VERY FINE (30/30)\*. Strong mintmark. Scarce.

- 931 1853-D MINT STATE (63/63). Astonishing quality for any Dahlonega Mint Half Eagle. Ex-Superior segment of Auction '86 as Lot 1395, where it realized \$11,000 including the 10 percent buyer's charge. This particular coin differs from the typically seen Dahlonega Mint issues in the following respects: it is sharply struck, lustrous, uncleaned and absolutely original. In addition, it ranks as the third or fourth finest known specimen, the only markedly superior piece being the Bareford coin, which realized \$17,500 in 1978. (photo)
- 932 1857 ALMOST UNCIRCULATED (50/50). A scarce and unappreciated date, particularly in high grade.
- 933 1861 MINT STATE (60/60)\*. No Motto.

- 934 1878 EF 45/45\*, 1882 EF 45/45\* and an 1886 AU 55/55\*. (Total: 3 coins)
- 935 1879-S MINT STATE (63/63). Prooflike\* with faint hairlines in the reflective fields. Despite its relatively high mintage, mint state examples are elusive.
- 936 1879-CC ALMOST UNCIRCULATED (50/50)\*. Just 17,281 pieces coined, making the 1879-CC scarce in all grades and especially so in AU.
- 937 1880 MINT STATE (62/62). A pleasing, satiny specimen free of major marks.
- 938 1880 AU 55/55\*, 1880-S AU 55/55\* and an 1882 AU 50/50\*. (Total: 3 coins)

- 942 1881 MINT STATE (60/60)\*.
- 943 1881 MINT STATE (63/63)\*. Very pleasing for the grade.
- 944 1881 AU 50/50\*, 1882 AU 50/50\* and an 1886 AU 55/55\*. (Total: 3 coins)

- 952 1886-S MINT STATE (63/63). NCI for grade and authenticity dated 5/23/86.
- 953 1891-CC MINT STATE (62/62)\*. Original color. Popular "CC" vintage.
- 954 1892 MINT STATE (62/62).
- 955 1892-CC MINT STATE (62/62)\*. Semi-prooflike surfaces displaying a few wispy hairlines.

- 992 1909-D MINT STATE (60/60)\*.
- 993 1909-D MINT STATE (63/63)\*.
- 994 1909-D MINT STATE (63/63)\*.
- 995 1909-D MINT STATE (63/63)\*. Moderately marked.
- 996 1909-D MINT STATE (63/63)\*. A pleasing, lustrous specimen.
- 997 1909-D MINT STATE (63/63)\*.
- 998 1909-O MINT STATE (60/60). Lightly cleaned\* but, of equal importance, this popular low mintage date is fully struck including a particularly sharp mintmark. Scarce. (photo)
- 999 1910 MINT STATE (60/60)\*.
- 1000 1911-S MINT STATE (63/63)\*. A true condition rarity, the high mintage '11-S is quite scarce in mint state. Choice specimens, such as this well struck lustrous piece, are accurately termed rare and are seldom offered.
- 1001 1913 MINT STATE (60/60)\*.

- 1002 1913 MINT STATE (63/63)\*. Gorgeous original color compliments outstanding strike and luster. A solid "64" example save for some reverse marks. (photo)
- 1003 1915 ALMOST UNCIRCULATED (55/55)\*.
- 1004 1915-S MINT STATE (60/60)\*. Typical poorly defined mintmark. Quite rare in full mint state grade.
- 1005 1916-S MINT STATE (63/63)\*. Strictly original. Well struck, though the mintmark is characteristically more of a blob than an "S". Very scarce. (photo)

EAGLES

- 1006 1799 ALMOST UNCIRCULATED (55/55)\*. An especially attractive prooflike specimen showing only the faintest trace of friction on the obverse. The lack of adjustment marks or other problems make this reflective yellow gold example more appealing than many mint state pieces offered. Well worth a high four-figure bid. (photo)

- 1007 1799 MINT STATE (60/60). A needle sharp strike with beautiful satiny surfaces highlighted by delicate golden orange overtones. On the reverse rim are a few minor adjustment marks. Light field marks are noted on the obverse as one might associate with the grade but none too distracting. ANACS S-3964-B for grade and authenticity dated 9/12/84. A conservatively graded piece, well worth your consideration. (photo)
- 1008 1842 ALMOST UNCIRCULATED (55/55)\*. Large date. Sharply struck with virtually complete luster. Only two or three mint state pieces are known making this high grade specimen a possible condition census candidate. (photo)
- 1009 1857-O EXTREMELY FINE (45/45)\*. A rare New Orleans issue with only 5500 struck. Considerable underlying luster. A premium grade for the date, much finer than the usually available VF example.
- 1010 1879 and 1881 both EF 40/40 examples. (Total: 2 coins)
- 1011 1880 AU 50/50\*, 1880-S AU 50/50\* and an 1885 AU 55/55\* with just the lightest friction removing it from mint state status. (Total: 3 coins)
- 1012 1886 MINT STATE (62/62).
- 1013 1886 MINT STATE (63/63)\*. A frosty specimen struck in bold detail. The 1886, according to Akers, is "scarce and very under-rated."
- 1014 1888-O MINT STATE (63/63)\*. A choice, lustrous specimen with streaky obverse patina. Uncommonly nice for the date. (photo)
- 1015 1891-CC MINT STATE (60/63)\*. Wholly original.
- 1016 1891-CC MINT STATE (62/62)\*. Fully struck and attractive for the grade.
- 1017 1891-CC MINT STATE (63/63)\*. Pleasing color.
- 1018 1891-CC MINT STATE (63/63)\*. A gorgeous original piece displaying a few scattered carbon stains on the semi-prooflike surfaces. (photo)
- 1019 1892 MINT STATE (60/60)\*.
- 1020 1892 MINT STATE (60/60)\*.

- 1025 1893 MINT STATE (60/60)\*. Moderately bagmarked but highly lustrous.
- 1026 1898 MINT STATE (62/62)\*.
- 1027 1899 ALMOST UNCIRCULATED (55/55). Cleaned\*.

- 1034 1901-S MINT STATE (63/63)\*.
- 1035 1901-S MINT STATE (63/63)\*.

- 1038 1901-S MINT STATE (64/64)\*. (photo)
- 1039 1901-S MINT STATE (65/65)\*. Blazing luster complimented by a lovely patina about the peripheries. (photo)

- 1041 1902 MINT STATE (60/60)\*.
- 1042 1902-S MINT STATE (64/64)\*. (photo)
- 1043 1902-S MINT STATE (64/64)\*. A beautiful boldly struck specimen displaying the splendid color which is characteristic of the date.
- 1044 1902-S MINT STATE (64/64)\*. The all important obverse is especially nice. Great luster and strike. (photo)
- 1045 1907 Liberty MINT STATE (62/62).
- 1046 1907 Liberty MINT STATE (62/62)\*.
- 1047 1907 Liberty MINT STATE (63/63). NCI for grade and authenticity dated 4/8/86.
- 1048 1907-D MINT STATE (63/63). A razor sharp strike with a hint of obverse friction. (photo)
- 1049 1907-S MINT STATE (62/62)\*. A scarce date, highly regarded by Akers as a grossly underrated issue. He goes so far as to say that "There are few, if any, coins in all of U.S. numismatics that are more underrated than the 1907-S Eagle."

- 1052 1908 No Motto MINT STATE (60/60)\*. Scarce low mintage issue.
- 1053 1908 No Motto MINT STATE (63/63)\*. A select, lustrous specimen. Quite scarce as most uncirculated specimens are only of average quality.

- 1061 1910-D MINT STATE (65/65). A beautiful mark-free specimen with shimmering golden luster. A couple of obverse hairlines are visible upon close examination. (photo)
- 1062 1911 MINT STATE (63/63)\*.
- 1063 1911 MINT STATE (63/63)\*. Full strike.
- 1064 1911 MINT STATE (64/64)\*. Splendid original color. If you like your Eagles untampered, this one's for you.
- 1065 **1911 MINT STATE (65/65)\***. A quality specimen with outrageous luster for the date. The strike is extremely bold and the surfaces are virtually mark-free. A couple of really trivial rim bruises are mentioned for those that notice such things. An exciting coin which will, no doubt, require a bid commensurate with the quality. (photo)
- 1066 1911-D ALMOST UNCIRCULATED (50/50)\*. A low mintage (30,100) key.
- 1067 1912 MINT STATE (60/60)\*. Bright luster. (photo)

- 1080 1926 MINT STATE (64/62)\*. A vertical scrape on the eagle's wing keeps this beautifully original piece from meeting "64" standards.

## End of First Session

# SECOND SESSION

Saturday, February 28, 1987, 11:00 A.M. (Lots 1090-2346)

A 10% BUYER'S PREMIUM WILL BE ADDED TO ALL INVOICES.

Industry-wide grading standards have recently become more conservative. By special arrangement with some consignors, many of the coins in this sale have been graded by the Numismatic Certification Institute (N.C.I. – an affiliate of Heritage). These coins are identified with a star (★) appearing after the grade and any adjectival modifiers. For example:

**1883 No Cents, MS (65/65). Prooflike★. Attractive russet and magenta toning. Well struck.**

In the example above, NCI has determined that the coin would grade “MS 65/65 prooflike” by NCI’s current standards. The successful bidder may purchase a certificate for that coin, by submitting it to N.C.I. All such coins must be received in N.C.I.’s hands within 30 days of the date of the auction sale.

For further information, please refer to item #18 in the “Terms and Conditions of Sale.”

## DOUBLE EAGLES

- 1090 1851-O VERY FINE (30/30)★. A moderately priced New Orleans twenty.
- 1091 **1852-O ALMOST UNCIRCULATED (55/55).** Prooflike★. An atypically high grade example of this popular New Orleans issue. The glittering prooflike surfaces are evenly abraded, however retaining all of their original brilliance. (photo)
- 1092 1858 MINT STATE (60/63)★. A sharp, lustrous example with delicate russet highlights about the obverse devices. According to Akers, the 1858 is “scarce and desirable in all grades....Most known specimens grade from VF to AU and strictly uncirculated examples are rare.” (photo)
- 1093 1861 ALMOST UNCIRCULATED (50/50)★.
- 1094 **1867-S MINT STATE (60/60).** An important condition rarity, the 1867-S is among the toughest of all double eagles in grades above VF. Akers recalls seeing “only one average quality unc and just a few AU’s” and adds that “even a strictly graded EF is rather rare...” The present example, a satiny, relatively clean specimen, represents a real opportunity for the specialist. (photo)
- 1095 **1869-S MINT STATE (60/60).** Sharply struck and particularly clean for the grade. While not anywhere near as rare as the 1867-S just offered, the 1869-S is a scarce coin in its own right in mint state condition. (photo)
- 1096 1874-S MINT STATE (60/60)★. Highly lustrous, although displaying heavy obverse abrasions. Quite undervalued as a date, an uncirculated 1874-S is much scarcer than many price guides would indicate.
- 1097 1875 MINT STATE (61/61)★. Full strike. A slightly better date Type Two Twenty.
- 1098 1875-S MINT STATE (63/63)★. A well struck, lustrous piece possessing exceptional original color.
- 1099 1875-CC MINT STATE (63/63)★. Frosty, semi-prooflike surfaces. Popular as an collectible Type Two Carson City date. (photo)

- 1100 1876-S EF 40/40★, 1879-S EF 45/45★ and an 1897 MS 60/60★. (Total: 3 coins)
- 1101 1877-CC ALMOST UNCIRCULATED (50/55)★. Boldly struck with considerable luster, particularly on the reverse. Among the scarcer half of Carson City Double Eagle issues.
- 1102 1882-S MINT STATE (60/60)★. Heavily bagmarked.
- 1103 1885-S MINT STATE (60/60)★. Glistening semi-prooflike surfaces magnify the abrasions. (photo)
- 1104 1885-CC EXTREMELY FINE (40/40)★. One of the scarcer Carson City Double Eagles.
- 1105 **1885-CC MINT STATE (62/62)★.** Decidedly scarce, if not rare in mint state condition, the currently offered 1885-CC bespeaks originality. Its surfaces are well struck and exhibit a delicate golden patina in the protected areas giving it an attractive wholesome appearance. A great chance to acquire a conservatively graded specimen of this most difficult date. (photo)
- 1106 1887-S MINT STATE (60/60)★. Gorgeous color for a coin of this grade. A tough date, undervalued in uncirculated condition.
- 1107 1889-S MINT STATE (62/62). A lustrous, original piece with more eye appeal than one would expect for the grade.
- 1108 1890-CC EXTREMELY FINE (40/40)★. An affordable type example from the Carson City mint.
- 1109 1890-CC MINT STATE (63/63)★. Basically clean, fully struck surfaces displaying gorgeous original color. An ideal Carson City type example. (photo)
- 1110 **1892 ALMOST UNCIRCULATED (50/50)★.** An obviously rare date, as evidenced by the mintage of 4523. Lustrous surfaces exhibiting a few scattered marks. (photo)
- 1111 1892-S MINT STATE (63/63)★. Semi-prooflike obverse. Far cleaner for the date than is generally encountered.

Double Eagles (cont'd)

- 1185 1907 Liberty MINT STATE (62/62)\*.
- 1186 1907-S MINT STATE (60/63)\*.
- 1187 **1907 High Relief ALMOST UNCIRCULATED (50/50)\*.** Flat edge. Attractive color and overall appearance. Minor flatness on the highest points but possessing virtually complete luster. Two light parallel field marks below Liberty's elbow are the only detracting feature. A sound value in the mid four-figure range. (photo)

- 1188 **1907 High Relief MINT STATE (64/65)\*.** Struck from Proof dies. An enormously appealing specimen with exceptional luster and detail. A few trivial hairlines in the upper left obverse field require mention simply for the sake of accuracy, but do not detract at all from the appearance of the coin. Otherwise superb, and certainly a potential centerpiece for any collection of choice United States gold coins. It is not often that a coin appears in a regular color photograph, a black and white photograph, an enlargement photograph, and on the cover; but this piece is of enough significance to deserve such coverage. - 1199 1909/8 MINT STATE (63/63)\*. Exceptionally clean for the grade. Only a few wispy obverse hairlines prevent a higher grade. (photo)

- 1201 1910-D MINT STATE (64/64)\*. A lustrous specimen with lovely original color. (photo)

- 1313 Judd-1320. R7. 1873 Trade Dollar PROOF (63/63). Undated Trade Dollar in silver, with reeded edge. Both obverse and reverse are similar to the design actually adopted. The coin offered here is an attractive cameo Proof with excellent eye-appeal. (photo)

(photo)
- 1316 Judd-1605. R7. 1879 Dollar PROOF (63/63)\*. William Barber's silver dollar design, featuring Liberty on obverse with coiled hair. An attractive, lightly toned specimen with lavender the principal hue. Rich proof surfaces. (photo)

- 1319 Judd-1615. R7. 1879 Dollar PROOF (65/65)\*. The regular obverse die of Morgan combined with a William Barber reverse seen only on this issue and Judd-1616. The reverse features a large eagle, and the wreath has been omitted. The coin offered here is a superb Proof with exquisite iridescent toning on both sides, somewhat deeper on the obverse. (photo)

- 1320 Judd-1616. R7. 1879 Dollar PROOF (64/64)\*. Same as the preceding, but struck in copper. Rich color with accents of violet and red. The state of preservation is remarkable, and the coin offered here is especially pleasing to the eye. From the W.C. Boston Collection Sale of 1956. (photo)
- 1321 Judd-1617. R6. 1879 Dollar EXTREMELY FINE (45/45)\*. Struck in silver (metric alloy), with reeded edge. The William Barber design featuring Liberty wearing a coronet with a pearl border and word LIBERTY in raised letters. A no-problem example with light, even wear.

- 1323 Judd-1690. R6. 1882 No Cents Nickel PROOF (65/65)\*. The regular die of 1883 struck in nickel. - 1340 1878-CC, 1882-CC and 1890-S, all grading MS 65/65. All three coins are minimally abraded and sharply struck, with the 1882-CC and 1890-S in particular exhibiting superior luster. (Total: 3 coins)
- 1341 1879 MINT STATE (60/63). Conservatively graded by ANACS on 09/08/84, as certificate S-3934-B for grading and authenticity attests. A sharply struck coin with excellent luster, and one which perhaps would recertify today at a higher grade.

- 1353 1879-CC MINT STATE (62/64). Perfect CC\*. An attractive example of this rare Carson City date, with light patina over attractive satin luster on both sides. - 1354 **1879-CC MINT STATE (63/63)\***. Prefect dies. A shimmering semi-prooflike, untuned yet obviously original. (photo)
- 1355 **1879-CC MINT STATE (64/64)**. Perfect CC\*. Light lavender patina over lustrous surfaces and devices. The fields are nearly pristine, particularly on the reverse. Far scarcer in high grade than its mintage of 756,000 coins tends to suggest. (photo)
- 1356 1879-CC AU 55/55 and 1895-O EF 45/45. A pair of desirable key-date Morgan Dollars. (Total: 2 coins)
- 1357 1880 MINT STATE (64/64). Prooflike.\*

- 1360 1880-O MINT STATE (64/64). Prooflike. A sharply struck, deeply mirrored cameo and quite scarce in this condition. VAM 4, the 1880/79-O overdate, as are the majority of extant 1880-O prooflikes. (photo)
- 1361 1880-O MS 63/63 Prooflike\*, 1890-CC MS 60/63\* and 1893 MS 60/60 Cleaned\*. The 1880-O and 1893 are brilliant; the 1890-CC exhibits golden-brown peripheral toning which is heavier on the reverse.

- 1366 1880-S MINT STATE (65/65). Prooflike.\* Flashy mirrored fields refreshingly free from the normal marks which always seem to jump out at you from the delicate prooflike surfaces. A small band of russet toning extends from the U in UNITED to the E in ONE.

- 1382 **1880-S MINT STATE (66/67)**. Cameo Prooflike\*. Phenomenal quality, a coin which truly defines the term "prooflike", for this 1880-S does indeed look like a Proof. Both the obverse and reverse devices are exceptionally frosty and without significant visible defects. Russet and golden peripheral toning only serves to enhance the loveliness and originality of this specimen. The overall appearance is so enormously flashy that even a dedicated type collector must sit up and take notice when confronted with this piece. (photo)

- 1397 1880-CC MINT STATE (64/64). Prooflike\*. No doubt one of the first coins struck after the dies had been polished, as evidenced by the fathomly deep mirrored fields with a myriad of die striations. The kind of coin which would have brought a bunch in 1980 and, very conceivably, could again if intensely prooflike examples overcome the current "numeric grade" mania. (photo)
- 1398 1880-CC and an 1881-CC both frosty MS 63/63\* cartwheels. (Total: 2 coins)

- 1402 1881-S MINT STATE (63/63)\*. A semi-prooflike specimen with frosted obverse device.
- 1403 1881-S MINT STATE (64/64)\*. Spectacular iridescent toning on both sides. More than enough eye-appeal to compensate for the few minor abrasions which deprive this coin of a Gem classification.
- 1404 1881-S MINT STATE (65/65). Intense semi-prooflike surfaces.
- 1405 1881-S MINT STATE (65/65). Prooflike\*, and a fathomly deep Cameo at that! Very attractive.
- 1406 1881-S MINT STATE (65/65). A brilliant, semi-prooflike specimen with golden peripheral toning. Accompanied by ANACS certificate F-0882-G for grading and authentication, dated 06/14/84.

- 1413 1881-CC MINT STATE (63/63)\*. Fully struck with a near Gem reverse.
- 1414 1881-CC MINT STATE (63/63)\*. Dazzling frosty mint bloom. A diagonal series of abrasions disturbs the frost behind Liberty's mouth and chin. Nevertheless, a very choice example of the MS 63 grade.

- 1416 1881-CC MINT STATE (63/65)\*. Sharply struck and extremely frosty. Despite a diagonal abrasion behind Liberty's mouth and nose, accounting for the conservative MS 63 obverse grade, the overall visual impression made by this coin is quite pleasing.

- 1515 1891-O MINT STATE (63/63)\*. Original rose gold toning blankets either side. Above average strike.
- 1516 1891-CC MINT STATE (60/63)\*. Brilliant, with a suggestion of light golden toning on the lower right obverse.
- 1517 1891-CC MINT STATE (63/63)\*.
- 1518 1891-CC MINT STATE (63/63)\*.
- 1519 1891-CC MINT STATE (63/63).
- 1520 1891-CC MINT STATE (63/63)\*. Fully brilliant, with dazzling cartwheel luster. Sharply struck.
- 1521 An 1891-CC and an 1892-CC Dollar, both grading MS 63. The luster on the former is subdued, while the more valuable 1892-CC is extremely lively. Both coins are untoned. (Total: 2 coins)
- 1522 1892 MINT STATE (64/64). Semi-prooflike\*. An exquisitely frosty example of this elusive date. Quite scarce in high grade. (photo)
- 1523 1892 MINT STATE (65/65). Glowing cartwheel luster and minimum abrasions. Lot 1512 from our Worth Hill/Lanting Auction.
- 1524 1892 MS 63/63\*, brilliant; 1896 MS 63/65\*, with subtle golden and russet toning; 1904-O MS 64/64, brilliant, with an average strike. (Total: 3 coins)
- 1525 1892-O MINT STATE (63/63)\*.
- 1526 1892-O MINT STATE (63/63)\*. Original and quite choice for the grade.
- 1527 1892-O MINT STATE (64/64)\*. An incredibly full strike toned in golden violet hues.
- 1528 1892-O MINT STATE (64/64)\*. Sharp strike.
- 1529 1892-O MINT STATE (64/64)\*. Sharply struck. (photo)
- 1530 1892-O MINT STATE (64/64)\*. A frosty, well struck example. (photo)
- 1531 1892-O MINT STATE (65/65). Lot 740 from the C.W. Henderson Sale. This piece features an excellent strike and attractive mottled lavender toning on the obverse. The obverse, however, is perhaps a bit too baggy for today's rigorous MS 65 levels.
- 1532 1892-O MINT STATE (65/65). An extremely frosty specimen with semi-prooflike tendencies. Though the strike is not full, it is superior to the that of the vast majority of 1892-O Dollars. Abrasions are at a minimum, and none is significant or distracting. Sure to generate strong, competitive bidding.
- 1533 Three 1892-O Dollars all attractive MS 63/63\* examples. (Total: 3 coins)
- 1534 Three original 1892-O Morgans, all MS 63/63\*. (Total: 3 coins)
- 1535 1892-CC MINT STATE (63/63). A brilliant specimen with a choice reverse.
- 1536 1893 MINT STATE (64/64). Full Strike\*. An unusually pleasing example of this low-mintage date. Superior luster and minimum abrasions.
- 1537 **1893-O MINT STATE (63/63)**. Very difficult to locate in mid-to-high Uncirculated grades. The coin offered here is well-struck for the date and exhibits no significant or distracting abrasions. At 300,000, the 1893-O boasts the fifth lowest mintage of collectible business strikes in the entire Morgan Dollar series. (photo)
- 1538 1893-S VERY FINE (20/20)\*. The key to the Morgan Dollar series, with a mintage of just 100,000 coins. The obverse is problem free, while the reverse exhibits a group of parallel diagonal scratches on the device, though these are essentially well-hidden and not particularly distracting.
- 1539 1893-CC MINT STATE (60/60)\*. Rose gold and violet grey toning. A noticeable scuff on Liberty's cheek. (photo)
- 1540 **1893-CC MINT STATE (63/63)\***. Dazzling cartwheel luster and an excellent strike. A premium example of the MS 63 grade. (photo)
- 1541 **1893-CC MINT STATE (63/63)**. Full Strike\*. A suggestion of light lavender toning. Abrasions are at a minimum, but the coin does not exhibit particularly vibrant luster. (photo)
- 1542 1894 MINT STATE (63/63). A sharply struck example of this rare date, with better-than-average luster. Second lowest business strike mintage in the Morgan Series at 110,000 coins.
- 1543 **1894-O MINT STATE (64/64)\***. This specimen combines two characteristics which set it apart from the vast majority of 1894-O Dollars: it is well-struck and exhibits full, frosty luster. The obverse displays a blush of light violet toning, while the reverse is brilliant and exceptionally choice save for an abrasion concealed in the eagle's right wing. (photo)
- 1544 1895-S MINT STATE (65/65). Lot 1022 from the Stanford Sale. Sharply struck with frosty luster, and a semi-prooflike reverse. Minor abrasions perhaps will prevent this coin from achieving today's stringent MS 65 levels. (photo)
- 1545 1896-O MINT STATE (63/65). Very well-struck for the date and quite rare as such, considering that 1896-O Dollars with remotely respectable strikes are very difficult to locate. This particular specimen is lustrous, with accents of light lavender toning on the obverse. Accompanied by ANACS certificate E-7504-G for grading and authenticity, dated 01/02/81.

## Morgan Dollars (cont'd)

- 1546 1896-S MINT STATE (63/63)\*. A sharply struck example of this scarce date, with mottled pastel hues of lavender and gold on both sides. A light milling mark on Liberty's neck and scattered minor abrasions on the obverse are all that keep this coin from a significantly higher grade. photo
- 1547 1896-S MINT STATE (63/63)\*. A well-struck coin with mottled original pastel toning on both sides. A very attractive example of this scarce issue with scattered light abrasions - none severe - accounting for the conservative grade. (photo)
- 1548 1896-S MINT STATE (65/65). A beautifully toned full strike with pleasing semi-prooflike surfaces. One of the more difficult "S" mint Dollars to locate in choice condition. (photo)
- 1549 1897 MS 63/63, a shallow prooflike with light golden toning and moderate contrast; 1903 MS 63/65, brilliant; and 1903 MS 63/65, with light patina and an extremely well-struck reverse. (Total: 3 coins)
- 1550 1897 Morgan Dollar MS 64/64\* and 1923-D Peace Dollar MS 63/63\*. The 1897 exhibits very light golden patina and is fully struck. The 1923-D is brilliant with excellent luster. (Total: 2 coins)

- 1552 1897-S MINT STATE (64/64)\*. Full cartwheel luster and a sharp strike.
- 1553 1897-S MINT STATE (64/64)\*. A sharply struck example with attractive light golden peripheral toning.
- 1554 1898 MINT STATE (65/65)\*. An exceedingly frosty specimen with an absolutely full strike and attractive lavender and violet toning on the reverse.
- 1555 1898 MINT STATE (65/65)\*. A sharply struck specimen with absolute minimum abrasions. Subtle light golden toning enhances the beauty of the obverse.
- 1556 1898 MINT STATE (65/67)\*. A lightly toned specimen which is free of all but the most trivial abrasions. Light golden toning surrounds the obverse periphery, while the reverse displays exquisite hues of light lavender and gold. Beneath this subtle toning, excellent luster is clearly evident.
- 1557 1898-O MINT STATE (64/64). Russet iridescence clings to the lettering.
- 1558 1898-O MINT STATE (65/65). Minimum abrasions, and mottled golden and russet toning which highlights the devices. Accompanied by ANACS certificate F-6247-F for grading and authenticity, dated 05/31/84.
- 1559 1898-O MINT STATE (65/65). A sharply struck, brilliant example with light golden peripheral toning on the obverse. ANACS certificate F-2025-B for grading and authenticity, dated 07/26/83.
- 1560 1898-O MINT STATE (65/65). Subtle light golden and russet toning which is slightly more pronounced on the reverse. A sharply struck coin with minimum abrasions, accompanied by ANACS certificate F-8537-A for grading and authenticity, dated 06/27/83.

#### An Unreserved Sale

All Heritage auctions are unreserved sales. By this, we mean that all lots are sold to the highest bidder. If a consignor bids on his or her own lot, that consignor must still pay a commission.

This is actually an advantage to both the consignor and to the bidder.

The bidder isn't forced to waste time bidding on coins that are unlikely to be sold at the fair market price.

The consignor is better off, because unreserved sales attract more bidders. Your consignment is far more likely to actually sell for the full market value in an unreserved auction sale.

Heritage doesn't waste your time. So, in the words of the Federal Express commercial, "Why fool around with anyone else?"

### Don't Procrastinate

Every auction, it seems, somebody tells us, "If only I'd known that such-and-such a lot was going to sell for only \$\_\_\_\_\_, I'd have gladly paid that price or more."

There are always great values in every auction sale. But, you can't buy them unless you bid. If you would buy a particular coin at a price, bid on it. You may even be pleasantly surprised, and buy it for well below your maximum bid.
